Attorney Docket No. 82829

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims

1. (currently amended): An air bag launch assembly for launching a device payload from an underwater vehicle comprising:

at least one canister constructed and arranged to hold a device payload to be launched; and

at least one air bag inflator supported on each canister and constructed and arranged to launch the canister;

a container having at least one canister supported therein wherein said container is substantially watertight and includes a body portion and a hatch, said container being removably attachable to a hull of the vehicle; and

a support framework constructed and arranged to support said at least one canister within said container.
